<b>CSS Group Modern Slavery Statement</b>			
<b>Policy Number</b>	<b>012</b>	<b>Rev: 1</b>	<b>Date:13/10/2025</b>
			<b>Author: Becky Brindley</b>

Our business, CSS Group is committed to combatting slavery and human trafficking in its business and supply chains, and we make this statement to assist with the compliance with the Modern Slavery Act 2015. This statement relates to the financial year ending 30<sup>th</sup> April 2026.

As our business has a turnover of less than £36 million, we do not have a legal obligation to produce a modern slavery statement. However:

- a) We agree that exploitation within all supply chains ending in the UK is a blight on our society, and we are committed to playing our part in eliminating exploitation.
- b) We understand that customers with obligations under the Modern Slavery Act 2015 cannot comply with those duties without our cooperation.

To that end, we confirm that we have examined our own business and, to the extent that is reasonably practicable, businesses within our supply chain and we confirm the following:

- a) We confirm that within our own business, no relevant offence relating to slavery or human trafficking has been committed.
- b) We have made enquiries of business that supply directly to us and we are confident that no relevant offence is committed in that business
- c) Insofar as it is reasonably practicable, we have examined our supply chains and confirm that we found no evidence of slavery or human trafficking

Further details about our business and supply chain are provided below:

### **Our supply chain is as follows:**

We understand that certain industry sectors and geographical regions entail greater risk of exploitation than others. We do not believe that our supply chain is in one of those sectors because our purchasing terms only allows goods to be bought from suppliers who abide by the Modern Slavery Act 2015.

Where it is reasonably practicable, we ensure that businesses in our supply chain have made a similar statement relating to slavery and human trafficking.

The person in our business responsible for assessing matters relating to slavery and human trafficking is Richard Wilson.

We also encourage all employees to report on any matters relating to slavery or human trafficking in our supply chains of which they become aware.
